

IN THE CLAIMS

Please add new claim 15 as follows.

The following is a complete listing of revised claims with a status identifier in parenthesis.

LISTING OF CLAIMS

1. (Original) An apparatus comprising:
an inflatable body having an inner surface and an outer surface;
a plurality of support structures connecting said inner surface and said outer surface; and
at least a first antenna element disposed on said outer surface.
2. (Original) The apparatus of claim 1 wherein said inner surface comprises the surface of a dirigible.
3. (Original) The apparatus of claim 1 wherein said plurality of support structures comprises a plurality of tubes extending from said inner surface to said outer surface.
4. (Original) The apparatus of claim 3 wherein at least one of said plurality of tubes comprises a coaxial transmission line adapted to transmit signals to and from said at least a first antenna element.
5. (Original) The apparatus of claim 1 wherein said at least a first antenna element is one antenna element in a plurality of antenna elements comprising a phased array antenna.
- 6.-14. (Canceled)
15. (New) An apparatus comprising:

an inflatable body having an inner surface and an outer surface;

a plurality of structures connecting said inner surface and said outer surface to support said surfaces and provide a signal connection for at least one antenna element; and

at least a first antenna element disposed on said outer surface.
